About NewBridge Global Ventures (OTCQB: NBGV)

NewBridge Global Ventures is a vertically integrated processing company serving the cannabis and hemp industries. Our portfolio of companies supports our mission and technology to become a leading, international cannabis and hemp processor. Led by our patented Shockwave Power™ Technology and proprietary separation techniques, NewBridge solves a costly bottleneck by eliminating the need for drying, curing and storing biomass prior to processing. The technology accomplishes this without the use of any solvents; instead using water and low-pressure energy waves to gently separate the oil from the plant.
